- Album nr 2 featuring the spoken words of Mooji. Again, it's all about the message, the direct pointing to real spirituality. This time the music has been composed more around the words and the album is more reggae than straight dub. And, even though it might sound like dub-poetry, there is nothing poetic about this. This is spiritual dynamite.
Enjoy / Jonahgold

Mooji

Reggae Satsang

Jamaican born Mooji continues to travel the world to conduct Satsang* and to share what he has discovered. He is also available online for all those who search permanent peace of mind.

Complete biography: www.mooji.org/biography.html

From Wikipedia, the free encyclopedia

*Satsang (Sanskrit sat = true, sanga = company) is in Indian philosophy that involves (1) the company of the "highest truth," (2) the company of a guru, or (3) company with an assembly of persons who listen to, talk about, and assimilate the truth.[1] This typically involves listening to or reading scriptures, reflecting on, discussing and assimilating their meaning, meditating on the source of these words, and bringing their meaning into one's daily life.
